

## ONLINE PARENTING CLASSES

What do you think about a parenting class where you don't have to leave home to take it? In partnership with the *National Center for Biblical Parenting* we now have the ability to do just that. Normally, to take these classes online, it would cost you \$99.95, but because of our partnership we can offer it to you for \$25.00!

There are four core classes. The first one is called **“Developing Cooperation and Responsibility in Kids.”** The creators of this program, Scott Turansky and Joanne Miller, spent extensive time in Scripture to study everything it says about the heart and its transformation. Using those principles, they created a heart-based approach to parenting which focuses on transforming kids from the inside out. The first class shows you how to use a heart-based approach to teach children cooperation through a five-step instruction routine. Responsibility training is taught through schoolwork, bedroom clean-up, chores, money and handling conflict maturely. You will learn practical ways to help your children develop convictions to do what is right.
