

The Ministry Strategy

Target Audience - the committed students who want to GROW

- 1. Wednesday PM – EDGE Groups (Small Groups)**
The purpose of EDGE groups is for three specific things:
 - Spiritual Accountability
 - Deeper Connection with Christians
 - Deeper Interactive Bible
- 2. Freshman Leadership Team** - 9th grade students are given the opportunity to learn about servant leadership and become part of the Freshmen Leadership Team.
- 3. Conferences, Mission Trips, Service Projects, Assisted Living Center Chapel Service, Children’s Ministry aids**

Target Audience - the seeker/ crowd student

- 1. Sunday Morning EDGE Service** - We want to make church fun and valuable. Our hope would be to develop a spiritually healthy youth group and move students from being just an attendee on Sunday morning to connecting into a small group.

Target Audience – the non-believing student

- 1. POWERHOUSE** - The Powerhouse is our Christian Youth Center styled ministry to the students in our community. It is open for the purpose of REACHING students who come to hang out in a safe and fun environment and learn about the saving love of Jesus. It is the entry point for students into our Church. EDGE students also come and bring their non-believing friends.
- 2. Target Nights** - Target Nights are special events at the Powerhouse with an emphasis on attracting a lot of students with extended hours and activities not part of a normal Powerhouse night. The Gospel is presented in creative ways to our “targeted” students.
